TWO STEPS AHEAD | 40' CATAMARAN | MADE IN THE USA | PROVEN WORLDWIDE

# ONE RIDE

THAT'S ALL IT TAKES TO  
EXPERIENCE THE DIFFERENCE

---

Our new 40' catamaran was designed by the distinguished multi-hull architects at Morelli & Melvin. Known for composing the modern America's Cup yachts, they worked with us to create the most advanced fishing catamaran on the market. We focused on one objective: sea-keeping ability. We created a boat that would tear through seas from any direction, while still being able to maneuver turns at high speeds without the need to drastically reduce speed, a flaw on many presently made catamarans.

The 40' is designed to go far in less than optimal running conditions. With the optional 800 gallon fuel capacity, the cruise range bumps up to a massive 670 nautical miles. Roundtrip Miami to the Exumas could be done without a pit stop, while cruising with family at 49 mph.

Even though the 40' is a completely fresh design for us, it still represents the core of Invincible. Quality and attention to detail are the signature marks; whether it is the finely polished surfaces all around the boat or the immaculate rigging deep in the console.

## STANDARD FEATURES

- AGM Sealed Batteries
- Built-In Anchor Locker
- Above and below deck livewells
- Generous Under-Deck Storage
- Highly Finished Bilge
- Interior Console Light
- Saltwater Washdown
- Four Automatic 2000 GPH Bilge Pumps
